INTRODUCING S/Y BIANCA

S/Y BIANCA is a 72-foot Grand Soleil launched in 2023 — a masterpiece of Italian design that embodies innovation, performance, and contemporary elegance.

With her sleek hull, bold custom colour, and eco-conscious philosophy, she was built to turn heads while embracing a sustainable yachting lifestyle. Her powerful yet balanced sail plan ensures outstanding handling even in light winds, while the carbon-infused structure offers a smooth, stable ride.

On deck, a convertible dining and lounging space, generous sunpads, and protective Bimini create an effortless indoor-outdoor living experience. Below, the interiors are luminous and refined, with natural textures and a minimalist aesthetic that reflects the harmony of the sea. Accommodating up to 7 guests (+2 children), BIANCA is both a high-performance sailing yacht and a sophisticated floating retreat.
