Designed for owners who value autonomy, safety and the pleasure of long passages.

BUILT FOR THE WORLD. DESIGNED FOR LIFE AT SEA.

S/Y Savoir Faire is more than a yacht — she is a **purpose-built explorer** conceived to embrace the world's oceans with confidence and comfort.

Crafted in **aluminium** and refined with **modern composite superstructures**, her architecture reflects decades of MCP Yachts' expertise in expedition-ready vessels.

Designed for owners seeking a **reliable platform for extended cruising** and ocean passages, Savoir Faire merges the solidity of **traditional bluewater design** with **contemporary cruising comfort** — a yacht for those who sail far, stay long and value the journey.

A TRUE EXPLORER WITH UNIQUE ADVANTAGES

- ★ **Certified Aluminium hull 5083** designed for offshore sailing, offering strength, durability and long-term reliability beyond traditional GRP construction.
- ★ **Fully enclosed engine room with standing headroom** a rare feature in yachts of this size, designed for safe access and efficient maintenance underway.
- ★ **Hydraulic swing keel** allowing access to shallow anchorages without compromising deep-keel stability and offshore performance.
- ★ **Raised saloon with protected pilothouse** providing protection, visibility and comfort in all weather conditions.

★ Hull & Construction

- **Certified 5083 aluminium** hull designed for offshore sailing and long-term durability
- **Composite/aluminium superstructure** optimised for strength, weight distribution and comfort
- **CE Ocean Class A** certification for unrestricted navigation

★ Keel & Sailing Concept

- **Hydraulic swing keel** allowing reduced draft for shallow anchorages
- **Full keel deployment** ensuring stability and offshore sailing performance
- **Robust mechanical and hydraulic system** designed for safety and reliability

★ Propulsion & Power

- **Yanmar 4LV 195 HP** engine selected for reliability and worldwide service support
- **Kohler 15 kW** generator ensuring onboard power autonomy
- **Efficient system layout** designed for ease of maintenance

★ Autonomy & Capacities

- **Fuel capacity** from **2,640** to **2,770** litres supporting long-range cruising
- **Fresh water capacity** of **2,370** litres for extended stays on board
- Approximate **loaded displacement** of **45 tonnes** contributing to comfort at sea

★ Technical Spaces

- **Fully enclosed engine room** with standing headroom
- **Dedicated technical and service spaces** supporting onboard operations

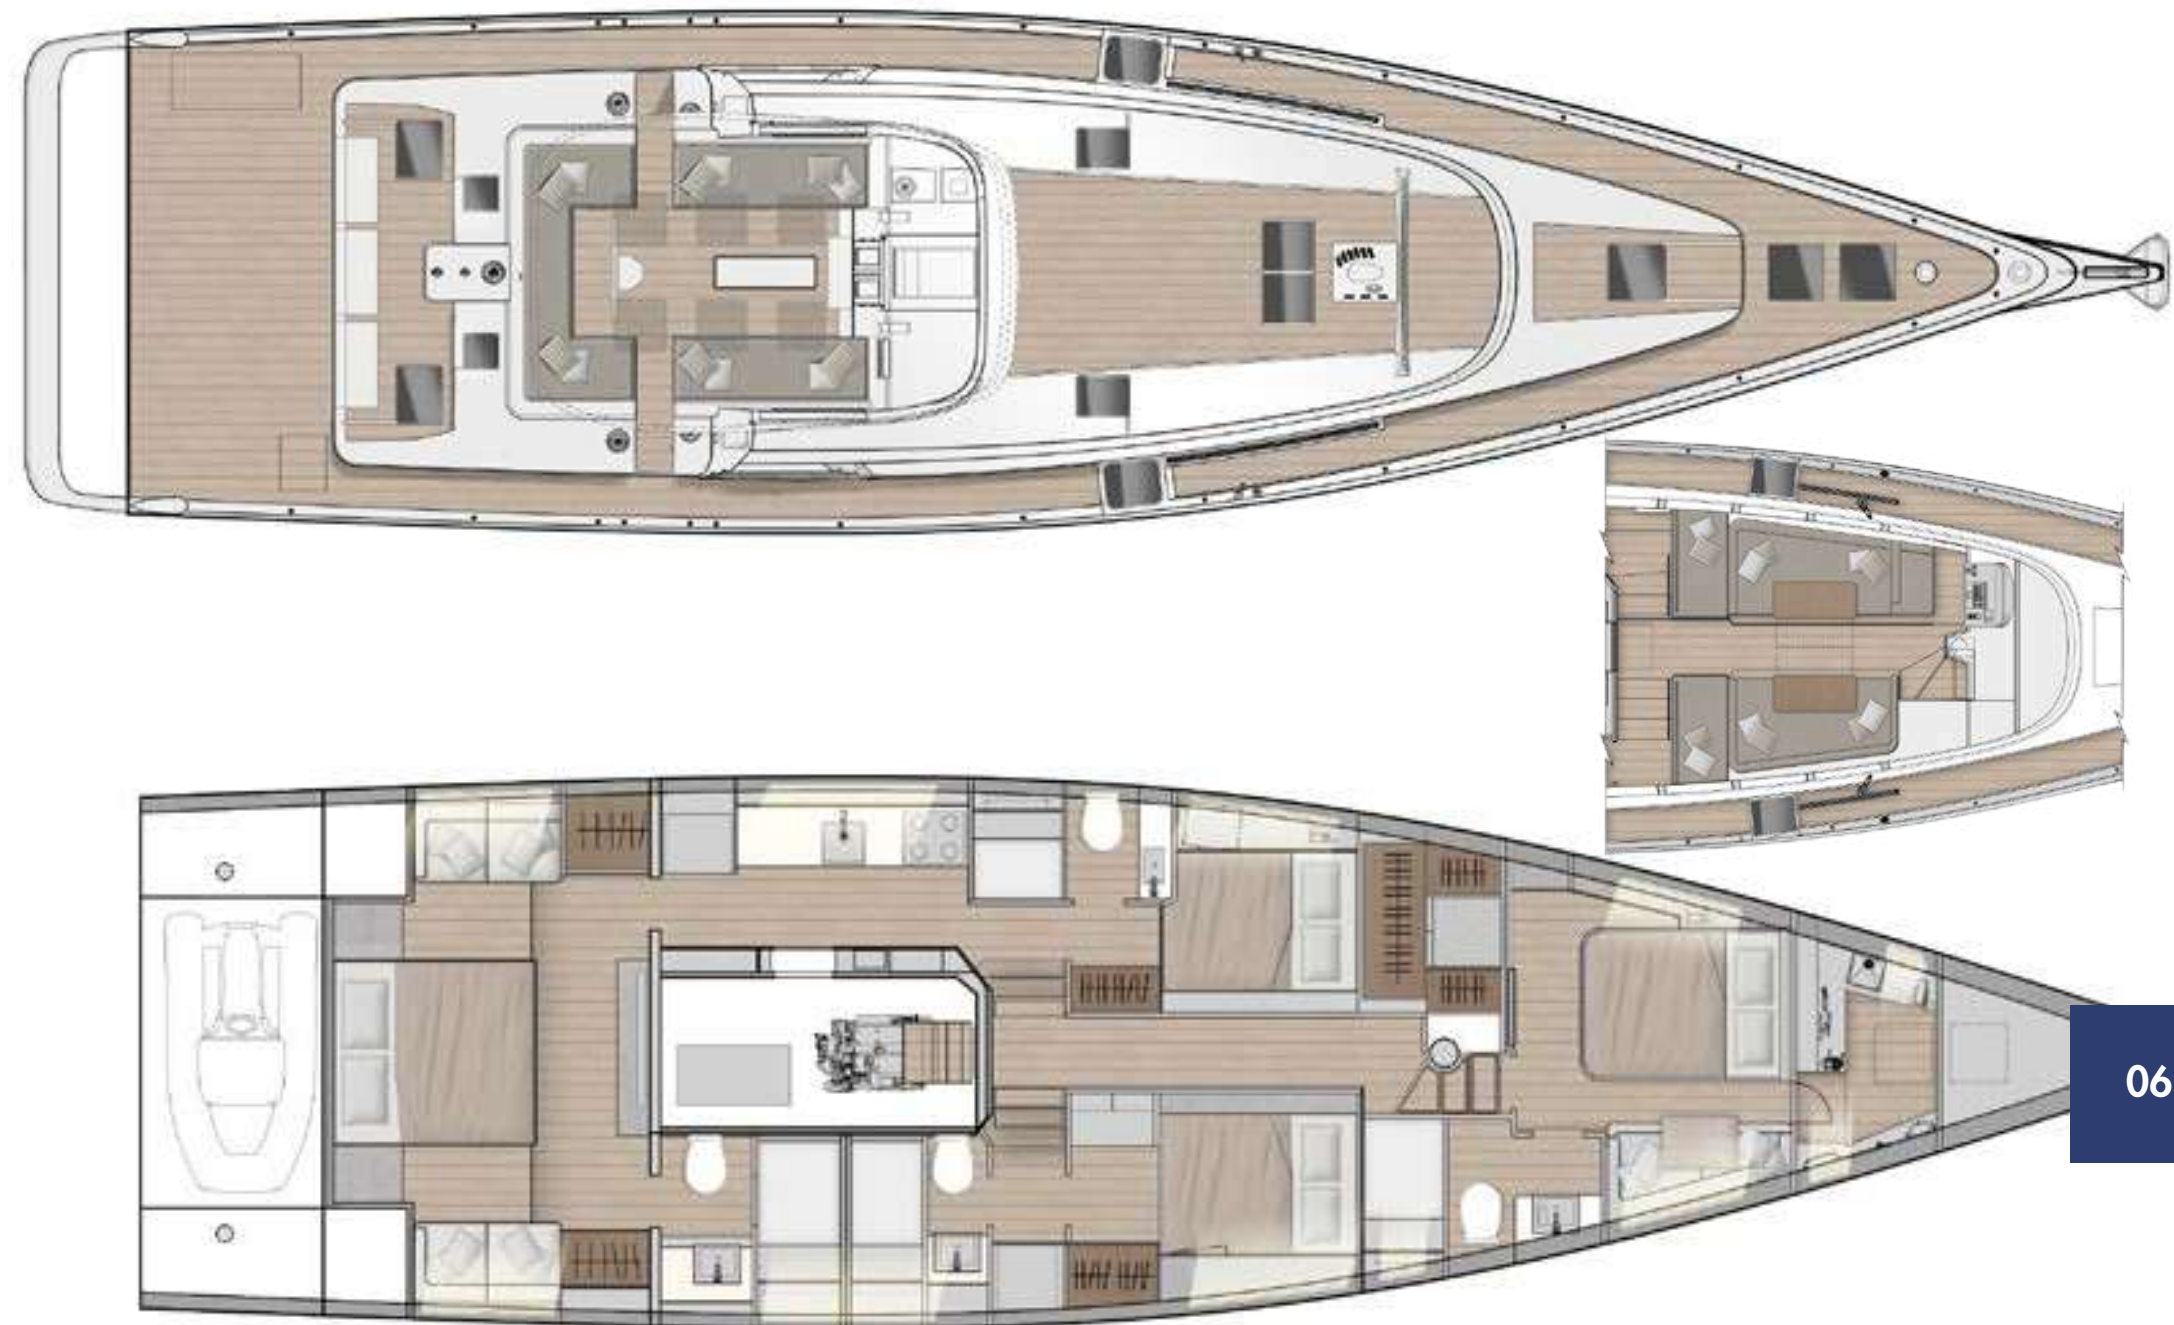

TECHNICAL OVERVIEW

A THOUGHTFUL ARRANGEMENT FOR OCEAN LIVING

The Global Exp 68's layout is engineered around seamanship, comfort and long-range autonomy.

- **Full-beam aft owner's suite**
- **Three additional en-suite guest cabins**
- **Raised saloon** with protected pilot house
- **Dedicated technical spaces** for onboard autonomy

BUILT TO CROSS OCEANS

The Global Exp 68's aluminium hull (5083 alloy, recognized for superior rigidity and durability) forms a **robust** and **reliable platform** for extended cruising.

Aluminium's non-absorbent and **fire-resistant** properties offer confidence at sea, while the **smart composite superstructure** minimizes weight where it matters most.

This combination enhances **performance without compromising comfort** — a hallmark of MCP's explorer philosophy.

PROTECTED AND READY FOR EVERYTHING

This design not only enhances safety underway but also maximises usable deck space.

A large central cockpit sheltered by a rigid hardtop and doghouse provides exceptional all-weather protection.

SPACIOUS INTERIOR SALOON

Bright interior saloon with integrated navigation area.

Comfortable watchkeeping without stepping away from life on board.

FUNCTIONAL GALLEY DESIGNED FOR LIFE AT SEA

Functional galley with generous storage and secure working spaces.

Ideal for long passages and extended stays on board.

FULL-BEAM MASTER CABIN: THE OWNER'S RETREAT

Spacious full-beam cabin offering privacy, comfort and storage.

A calm owner's area well suited for extended cruising.

BRIGHT FORWARD GUEST CABIN

Spacious forward guest cabin filled with natural light.

Comfortable accommodation for guests on extended stays.

COMFORTABLE MIDSHIP GUEST CABINS

Two en-suite guest cabins located amidships.

Well-balanced accommodation offering comfort and privacy for guests on board.

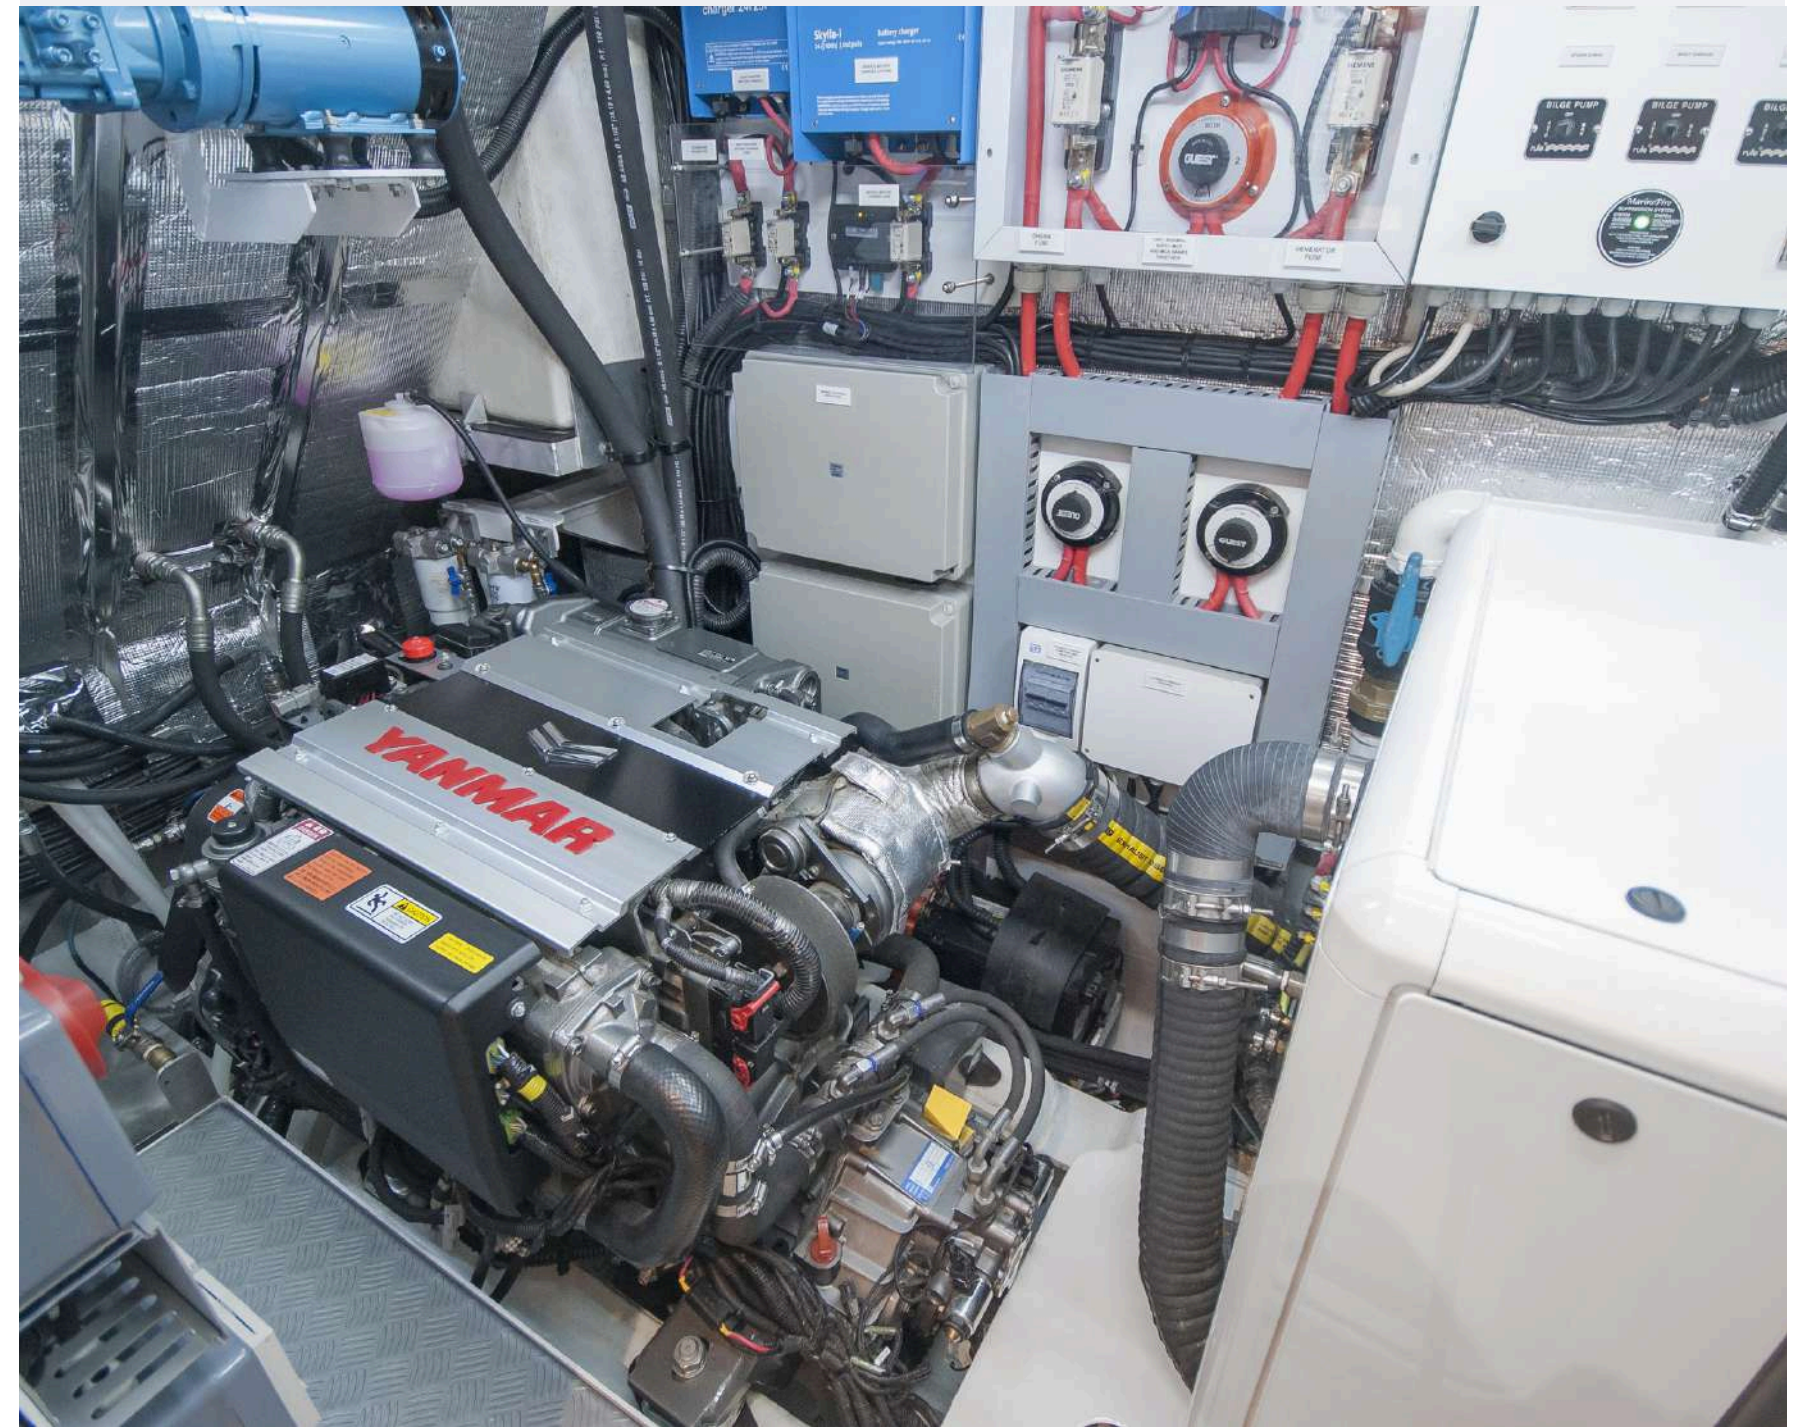

TECHNICAL & SERVICE AREAS

Fully enclosed engine room designed for easy access and efficient maintenance.

Dedicated service spaces supporting onboard operations and long-range autonomy.
